Product description :

IQRA' TUBE is an **online social networking** learning service that enables teachers to teach **al-Quran** directly to global or local students through the internet.

Through this learning method, IQRA' TUBE can:

- Help students to learn al-Quran **without emotional distraction** (social status/ages/privacy).
- Spread the learning opportunity at **anywhere** and **anytime**.
- Create **social community** in learning al-Quran.
- Provide online al-Quran **tuition class** opportunity for **teachers**

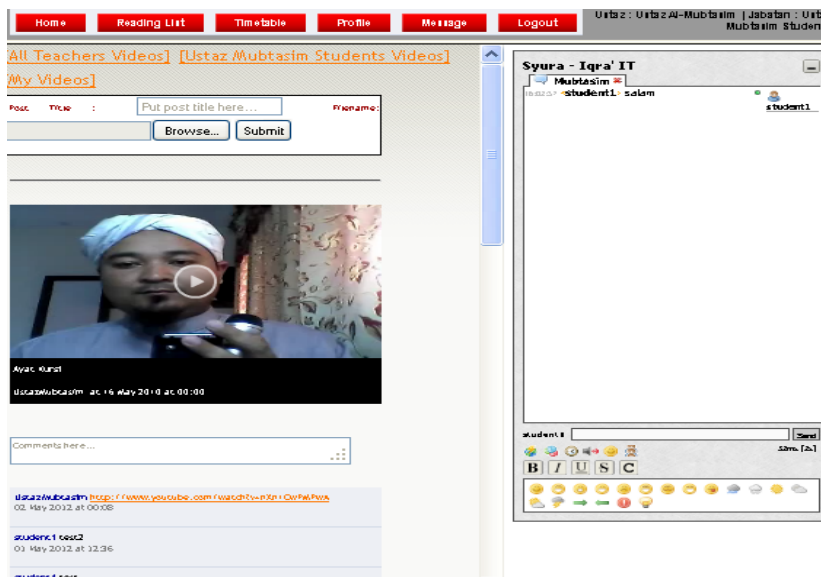

IQRA' TUBE comprises several functionalities including:

- Live Quran tutorial via video streaming
- Live Quran page and pointer sharing with video conference
- Video online comment
- Cloud Sticky Notes – text/video

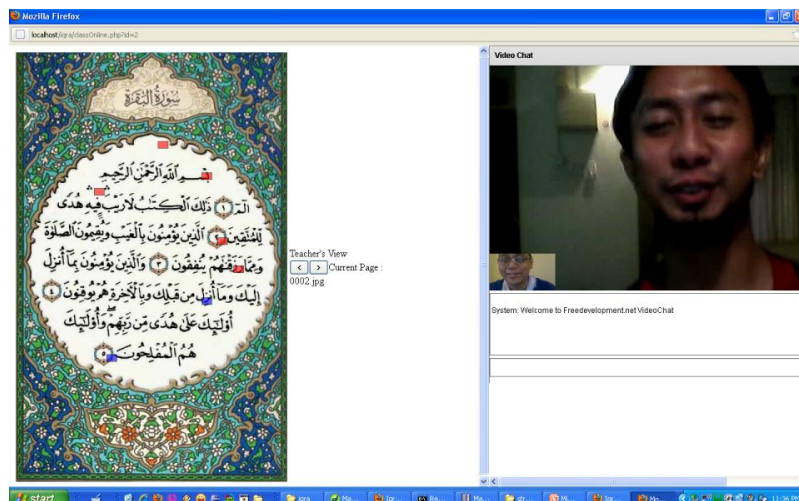

- Class Appointment Module
- Android capabilities

IQRA' TUBE is marketable worldwide and Learning al-Quran is a long life demand for every Muslims.
