

Name of product : Gobox

Researcher details

i) Name : Mohd Hisham Omar / Siti Nor Safritah Sayuti

ii) Email : hisham@unisza.edu.my

iii) Contact no. : 013-9391130

Faculty : FSTK

Cluster/Area of study : Design

Status of the product : Prototype

Product description :

Gobox - designed as a bookcase with divider that can be positioned as the user likes. The design, not only to keep books, magazines but it is also suitable for displaying collectables. The design concept was inspired from the unique architecture features of Crystal Mosque at Taman Tamadun Islam, Terengganu. The distinctive geometric form symbolized a futuristic design.
